Tasting notes & suggestions

Deep cherry colour and bright. The aroma is very fruity with raisin notes, dried figs, red fruit marmalade and also some spicy nuances. We'll find a bit of freshness and a balanced sweetness due to ripened tannins on the palate. After a few days, once the bottle has been opened, the wine will show lower colour and candied nuances. Once opened use the original mushroom cap to close the bottle and place it out of light in a fresh and dry place. Serve cold (8° C). Peak drinking: 2021-2023
