Massís del Port 1898 Empeltre 500 ml

This olive oil comes exclusively from ancient olive trees of the Empeltre variety. With this selected and intense olive oil we celebrate those days in 1898 when the mountains of *Els Ports*, in Terra Alta region, southern Catalonia, fascinated one of the most universal painters of the 20th century, Pablo Ruiz Picasso. By choosing this olive oil, you help us to preserve our ancient olive trees and the cultural heritage of this area.
